

BEF 201V – High performance surface planer

Concrete and screed milling machine for small to medium sized areas. The low centre of gravity affords a big silent running and ensures quick and even milling results.

Applications

Removal of uneven floors, supernatants, remove markers, milling off coatings

Technical data		Equipment variants	
Ref. No.		795113	795115
Power output	kW	3.6	
Working width	mm	200	
Operating weight	kg	76	
Edge distance	mm	45/7	
Ø-Dust control	mm	50	
Dimensions L x W x H	cm	94 x 37,5 x 90	
Cutters		carbide cutters	peeling cutters

Special characteristics

- Milling, Scarifying direction forwards
- Micro depth control
- Edger
- Drum axle
- Ergonomic handle, adjustable
- Dust sealed drum bearing
- Milling housing made of cast iron, particularly heavy design
- Rotor bearing
- High-level air intake
- Automatic motor shutdown when oil level is low
- Central drum lowering function and depth setting
